Income Verification Form

Income verification is part of the scholarship application process. Awarding of Forever 49 Scholarship Granting Organization (FFSGO) scholarships is prioritized by income. The Income Verification Form is used to establish your eligibility for an increased scholarship award amount. You may decline to provide proof of your income but doing so may reduce the award amount you receive.

Household Income Eligibility Criteria

Scholarship awarding is prioritized by income level. However, students are eligible for an award regardless of income level. To receive low-income status, a student's household income or public assistance status must be verified.

Sources of income include:

- Current pay stubs (multiple)
- W-2s for the most recent tax cycle
- 1099
- Current income tax returns
- Correspondence from the Social Security Administration, Ohio Bureau of Worker's Compensation, Department of Job and Family Services, and other providers of benefits showing the amount of benefits you are receiving
- Print out from child support enforcement

Any misrepresentation of the information provided to FFSGO for eligibility purposes will result in the revocation of the student's scholarship and could be punishable as a crime.

Income Information

In the space below, please list all current sources of household income and provide documentation for each one. Please block out the first five digits of all Social Security numbers in all documents. Reference the list above for acceptable income documents. List each person in your household that has earned or unearned income. Please list all sources of income for each person.
